**PLATINUM**

ULTRA-PREMIUM, FUSION-WELDED WINDOWS

Westbridge Platinum Windows are available in a block frame (left) or optional integral stucco flange (right).

Sash ventilation limit-limits allow fresh airflow.

Two sets of solid brass tandem rollers ensure smooth operation of the sliding window.

Heavy-duty cam action locking system.

# Ultra-Premium Sliding and Double-Hung Windows

*Built to the best of industry standards, our Westbridge Platinum Sliding and Double-Hung Windows will achieve outstanding beauty, protection and energy efficiency for your home.*

## DESIGN INNOVATIONS FOR SUPERIOR QUALITY AND ENERGY SAVINGS.

- Heavy-duty, fusion-welded, multi-wall frame and sashes provide outstanding durability and structural integrity.
- Steel reinforcement in the meeting rails increases rigidity and strength.
- Interlock at sash meeting rails provides added insulation, security and comfort.
- Quad 4 weatherstripping at the header optimizes thermal protection and energy savings.
- Triple-barrier weatherstripping between the jamb and sash helps block infiltration of air and water.
- Insulated glass unit\*\* with warm-edge spacer reduces the transfer of heat and cold.
- Compression bulb seal delivers added protection against inclement weather.
- Drop-in glazing improves energy efficiency and interior aesthetic appeal.
- Sashes glide on nylon-encased dual brass roller system for smooth operation (sliding window).
- Sloped sill for easy cleaning and prevention of water accumulation.
- Hidden screen track for added beauty.
- Half screens are standard; optional full screens are available.
- Ventilation limit-limits provide a safer, more secure airflow.
- Backed by a Lifetime Limited Warranty.†

## ADDITIONAL DOUBLE-HUNG WINDOW FEATURES.

- Both sashes tilt-in for easy cleaning of the window from inside your home.
- Constant force balance system ensures effortless operation of the sash.
- Dual, integrated lift rails provide sturdy access for raising and lowering sashes.
- Low-profile tilt latches offer enhanced beauty.

## ENERGY-SAVING GLASS.

Help increase your energy savings with one of our high-performance glass packages. The lower the U-Factor, the less energy you'll need to heat your home. The lower the Solar Heat Gain Coefficient (SHGC), the more you'll conserve on air-conditioning.

WESTBRIDGE PLATINUM* SLIDING WINDOW		
	U-Factor	SHGC
SolarTherm™	0.30	0.27
SolarTherm Plus	0.29	0.27
SolarTherm Ultra	0.29	0.19
SolarTherm TG2	0.23	0.23

\*A502 whole window values.
